About Agri Life Farmers Producer Company Limited

Agri Life Farmers Producer Company Limited, a pioneering force in the realm of sustainable agriculture. Established in **2021** by the visionary **Dr. Somnath Ramdas Bhaskar**, our company is headquartered in the vibrant city of **Ahmednagar, Maharashtra**. Committed to fostering eco-friendly farming practices and promoting agricultural sustainability, **Agri Life** is a trusted **manufacturer, exporter, supplier, and trader** of a diverse range of high-quality agricultural products.

At **Agri Life**, we take pride in our commitment to environmental stewardship and the well-being of farmers. Our product portfolio reflects our dedication to promoting organic and sustainable farming methods. We specialize in the production of Vermiwash Fertilizer, Turmeric Root & Powder, Live Earthworms, Organic Moringa Powder, HDPE Vermicompost Beds, Prom Phosphate Rich Organic Manure, and various other organic fertilizers.

One of our key offerings is Vermiwash Fertilizer, a nutrient-rich liquid fertilizer produced through the vermicomposting process. This organic solution enhances soil fertility and plant growth, promoting a healthier and more sustainable agricultural ecosystem. Additionally, our Turmeric Root & Powder, Live Earthworms, and Organic Moringa Powder exemplify our commitment to providing farmers with high-quality, natural products that contribute to the overall health of crops and soil.

Agri Life Farmers Producer Company Limited also specializes in HDPE Vermicompost Beds, designed to facilitate efficient vermicomposting, a sustainable method for recycling organic waste into nutrient-rich compost. Our Prom Phosphate Rich Organic Manure and other organic fertilizers are formulated to meet the diverse nutritional needs of crops, promoting soil health and long-term agricultural productivity.

Founded with a vision to revolutionize agriculture and contribute to a greener, more sustainable future, Agri Life is dedicated to the empowerment of farmers. Our mission is to provide eco-friendly solutions that enhance agricultural productivity while minimizing environmental impact.
