About Aqua Systems Technology

Aqua Systems Technology is a well-known supplier and exporter of industrial reverse osmosis (RO) systems. Our company was founded in Mumbai in 2010. With ten years of experience, we have established ourselves as a dependable supplier of water filtration systems for commercial use.

We source cutting-edge technologies and premium materials with great care. Our company is committed to providing high-quality RO systems. Strong industrial RO systems to satisfy the various demands of our clients worldwide are our area of expertise.

About Us

Our products include Water Plants, Ultraviolet sterilizers, Chemical Dosing Systems, Laboratory Mix Bed Units, Ion Exchange Resin and RO Chemical. Our team of specialists is committed to providing sustainable and effective water treatment solutions.

We uphold the highest industry standards through innovation. We provide dependable and reasonably priced RO systems to support our clients' success. Our company recognises the vital role that clean water plays in industrial processes. At Aqua Systems Technology, we take great satisfaction in developing enduring connections with our clients based on mutual trust.

Our global export operations serve a variety of industries, including manufacturing and medicines. Aqua Systems Technology is the go-to option for industrial water filtration solutions all around the world. This is due to our unwavering dedication to excellence and client satisfaction, even as we expand.
