## About Birson Forgings

Birson Forgings, founded in 1985 in Ludhiana, Punjab, India, is a manufacturer and exporter of a diverse variety of Industrial Power Presses. We also provide an Up Stroke Forging Screw Press, a Down Stroke Friction Screw Press, and a variety of additional products made from premium grade steel and other materials. We can guarantee product delivery to our clients' thanks to our superior shipment modes by cargo and road.

Various machines created by us make the lives of many production managers easier. Our product line is well-known for its great strength and high performance. A trained workforce working with us ensures that all of our business operations are completed in a timely and efficient manner. We continuously strive to earn customer happiness and confidence by offering customizable options and exceeding their expectations.

### **Manufacturing Facilities:**

We are based in Ludhiana, India, sometimes known as Industrial Manchester, and are supported by excellent manufacturing facilities. We are able to reach production targets thanks to our contemporary production facilities, which include advanced technology and equipment.

### **Quality Assurance:**

We consistently prioritise quality in all of our business operations in order to increase customer satisfaction. We are supported by an expert staff of quality controllers in order to maintain the highest quality standards. They employ superior measuring and testing equipment to perform numerous tests on our product line.
