## About Bromchem Laboratories Pvt Ltd.

**Bromchem Laboratories Pvt Ltd** is a well-known chemical manufacturing company based in Anand (Gujarat). We have access to innovative and relevant technology, with over 10 years of experience in the development and manufacturing of high-quality chemicals for various applications. We continue to develop and market innovative & quality products to enhance our portfolio delivering the best solutions to meet the customer's needs.

We aim to deliver superior-quality products while conserving resources. Innovation and sustainability are key factors in all our business operations. The unmatched quality, satisfactory services, and economical prices are the cornerstones on which our company was founded and continues to grow.

Bromchem Laboratories Pvt Ltd, established in 2012, is a research-based company with its manufacturing unit spread over a huge area. Innovation through continuous R&D has marked the rise of the company from a small unit to one of the most reputed and successful companies in the chemical Industry. Continuous R&D and expertise in process development at Bromchem Laboratories Pvt Ltd have led to the production of cost-effective chemicals on a large scale. This helps the company to mark a competitive and strong presence in the market. And all this has been made possible by the unswerving dedication, vision, and commitment of Mr. Amish Patel (Founder of Bromchem Laboratories Pvt Ltd).

Well-trained & educated staff, state-of-the-art manufacturing unit, an R&D department, and a huge warehouse with all the required amenities have proved to be the strong foundation of our company. We as a company always believe in supplying quality products only. With years of experience, we understand the nature of business and we constantly work towards improvement with not just the products that we offer, but we also ensure that the packaging match international standards with a great focus on customer satisfaction.
