About Fitzer Incorporation

Established in the year 2019, we at Fitzer Incorporation are one of the most renowned and reputed manufacturers, suppliers, and exporters of industrial equipment. We proficiently deal in Heat Exchangers, Heating Process Equipment, Cooling Process Equipment, Desiccant Dehumidifier, IQF Tunnel Freezer, Cold Storage Room, Convection Recuperator, Pressure Vessels, Storage Tanks, and Thermal Energy Storage systems. All of our products are manufactured and designed as per the global standard such as API, ASME, IBR, TEMA, and ASHRAE.

We have established world-class transportation equipped with advanced and newest technology machines that assists us in organizing the products with dimensionally accurate, extremely efficient, highly durable, corrosion-resistant, and strong construction. Moreover, with the highly demanded items, we give properly planned fabrication-erection services for industrial plants by offering system designs, fixing, and after-sales services.

We have appointed a team of professionals and well-trained experts who are aimed to create machines to manufacture products from the best quality raw materials following the best industry terms and norms.

Our team of quality controllers performs a series of tests to inspect the overall quality and operations of the products.

Fitzer Incorporation is working under the able motivation and guidance of Mr. Siddhi Chavan. Since our beginning, we have followed the policy of blending price and quality for offering the best possible items to valuable customers. We aim to increase our business shortly while keeping up our striking track record.

Factsheet

Basic Information

Nature of Business : Manufacturer / Exporter / Supplier

Contact Person : Mr. Siddhi Chavan

Registered Address : S/F-16, Omkar Complex, Valia Chokdi, Ankleshwar, Gujarat

Total Number of Employees : 20 - 50

Year of Establishment : 2019

Legal Status of Firm : Individual (Sole proprietorship)

Cooling Tower, Heat Exchanger & Parts

Tube in Tube Heat Exchanger

pressure vessels

Marine Engine Oil Cooler

I fin tube, II fin tube

Low Integral Fin Tube

Heavy Fuel Oil Heater

Heat Exchangers

Stenter Machine Heat Exchanger

spiral heat exchanger

Shell & Tube Heat Exchanger

Rice Mill Heat Exchanger

Inter Cooler

Fully Welded Plate Heat Exchanger

Heat Exchanger Parts

Super Heater

Pillow Type Plate Heat Exchanger

High Frequency Welded Fin Tube (Continuously Welded Spiral Fin Tube)

'G' FIN TUBES /
EMBEDDED FIN TUBES

Crimped Fin Tube (Spiral
Tension wound Fin Tube)

Convection Recuperator

Machines and Equipments

Box Type Heat Exchanger

Air Cooled Heat Exchanger

Adiabatic Cooler
