About Gaurav Steel

Established in the year 2014, we at Gaurav Steel are a leading and distinguished Exporter and Trader of quality Spanners and Steel Rods. We have expertise in Metal Scrap, High-Speed Alloy Steel, Drill Bits, Core Drilling rigs, Mining Drill Bit, Oxygen cylinders, Adjustable Spanner, CRGO Transformer Lamination Core, and Drilling Rods. All the products are highly appreciated for the expert quality and best price.

Our team

Gaurav Steel has appointed a team of trained and skilled personnel, who assist us to keep pace with the dynamic business environment. The experts are very well aware of the trends customary in the industry and make sure that our processes are also performed as per the needs. We make sure of the timely completion of different tasks assigned to them with great accuracy and efficiency.

Our Quality

The main aim of the company is to serve the clients with the best quality products; hence we keep a close vigil on all the concerned processes linked with the production. Different pre and post-production processes are rightly cross-checked by the quality controllers, to decrease the possibilities of flaws and errors and to make the concluding range up to the mark.

We work under the leadership of the highly knowledgeable company founder Mr. Gaurav Gupta. His years of knowledge, skills, and experience have helped us to enjoy a suitable stand in the market.
