About Gopal Jee Fabrics

We “**Gopal Jee Fabrics**” founded in the year 2009 are a prominent firm that is engaged in manufacturing a wide assortment of Knitted Fabric, Lycra Fabric, Fleece Fabric and many more. To ensure procurement of premium grade products, we rely on our skilled team of craftsmen who have industrial wisdom and are well familiar with market conditions.

With an experience in the knits industry, we are well familiar with industry ways and have an account of where we can get the best sourced out from. As we all know, fashion industries play a vital role in the world and for this, we ensure to give full support to achieve order on time with quality garments/fabrics.

Our Infrastructure

Our widespread infrastructural facility is equipped with the latest machine and advanced technologies that enable us to have fantastic quality production in the association. All the processes like knitting, dyeing, stitching, tailoring and finishing are carried out with the aid of these machines in compliance with the international standards. Backed by an innovative and skilled team of designers and craftsmen, our experts make sure that the products are manufactured by using the latest technologies and marvellous quality material.

Our Vision

To Become a Benchmark in The Textile Industry for Quality, Customer and Employee Satisfaction & Ethical Values. Our distinct Purpose and our operational expertise across our business model will help realize our vision to grow our business, whilst decoupling our environmental footprint from our growth and increasing our positive social impact.

Our Mission

To Expand Business Along with Our Customers” Success.
To Work Towards Quality Improvement at Every Possible Point of Time

Our Team

Our Team acts as the backbone of our organization and plays a pivotal role in the successful running of our

business operations. We acknowledge our team members on a regular basis for their efforts. The professionals working with us communicate sincerely with our clients in order to understand their intricacies and provide them with the product, accordingly.
