About Hind Engineering Works

Founded by the visionary entrepreneur, **Mr. Mohd. Yunus**, in the year **1999**, **Hind Engineering Works** has evolved into a pioneering force in the realm of **manufacturing, exporting, and supplying** premium solid rubber wheels and trolley solutions. With our headquarters situated in the vibrant city of Meerut, Uttar Pradesh, we take immense pride in catering to a diverse clientele spread across the globe.

Our Journey

Embarking on a journey two decades ago, Hind Engineering Works was established with a steadfast commitment to deliver excellence through innovation, precision, and unwavering dedication. From its humble origins, the company has grown into an industry leader, setting new benchmarks for quality and customer satisfaction.

Our product range is as diverse as the needs of our customers. From solid rubber wheels that offer stability and reliability to trolley wheels that ensure smooth movement, we cater to a wide array of applications. Our offerings also include wheelbarrow tyre hubs, concrete mixer machine tyre tube wheels, E-rickshaw rubber wheels, ice cream cart rubber wheels, and more. Each product reflects our dedication to precision engineering and our unwavering commitment to quality.

Our manufacturing processes are underpinned by cutting-edge technology and a skilled workforce, resulting in products that meet and exceed industry standards. Our customers trust us for the consistent quality we provide, and we take immense pride in the role we play in their success.

As we continue to grow and evolve, our core values remain unchanged – integrity, innovation, and customer-centricity. Hind Engineering Works is more than just a company; it's a commitment to delivering excellence on wheels. Join us on this journey as we continue to set new standards and redefine the way industries move.
