About KR CNC AUTOMATION

Established in 2009, KR CNC Automation has carved its niche as a leading Manufacturer and Service Provider of CNC machinery in Delhi, India. Under the expert guidance of Mr. Hominder Kumar, the company boasts a diverse portfolio of high-quality machines and reliable repair services.

KR CNC's product lineup caters to a wide range of needs, from intricate engraving and routing to precise machining and laser marking. Their diverse offerings include CNC Engraving Machines, CNC Router Machines, Laser Marking Machines, VMC Machines, CNC Machines, Water Cooled Spindles, Delta CNC Controllers, MPG Hand Wheels, CNC Wood Lathe Machines, Mild Steel Cable Drag Chains, and Centralized Lubrication Systems. Each machine is meticulously crafted to deliver exceptional performance, accuracy, and durability.

Beyond manufacturing, KR CNC excels in providing comprehensive repair services. Their team of skilled technicians specializes in VMC Machine Repairing, VMC Machining, and VMC Spindle Repairing. Whether you need routine maintenance or complex repairs, their expertise ensures your machines are back in top condition, minimizing downtime and maximizing productivity.

KR CNC Automation's dedication to quality and customer service is evident in everything they do. They are committed to providing innovative solutions, personalized support, and timely service. With a focus on continuous improvement, they strive to stay at the forefront of CNC technology, bringing their customers the latest advancements in the field.

In just over a decade, KR CNC Automation has established itself as a trusted partner for businesses across India. Their commitment to precision engineering, reliable services, and customer satisfaction has earned them a loyal clientele and an unwavering reputation for excellence.
