About K-Square Industrial Solutions

Founded in 2018, K-Square Industrial Solutions is as its name says. We are the provider of many industrial solutions that have benefitted many customers. Over the years, we have been giving our premium quality services in the field of fabrication and manufacturing of various engineering products.

We have expertise in the fabrication of mild steel, stainless steel and fibre reinforced products. We also have established ourselves as manufacturers of grating, walkways, steps, platform landings, handrails and cable trays. Our supply area includes products related to mild steel engineered items. We are also known as service providers in various fields. We offer our services chemical, building & construction, transportation, shipbuilding and defence sectors.

Other service areas are offshore platforms, power generation and water utilities. In the FRP section, we manufacture structural products like grating, floor plates, kick plates and stair nosing. Apart from that, we also manufacture round & square handrailing, handrail covers, cat ladders, water grating, round & square manhole covers and cable trays.

With so many services to provide and manufactured items, we are a distinguished company striving for customer satisfaction in every sphere. Under the excellent guidance of Ms. Devyani Kirtane, we are a company that keeps clients as our top priority. From our manufacturing and service-providing base in Pune, we aspire to become a leading company with a strong foothold in the industry.
