## About Moducon Structures

We, at Moducon Structures, take pleasure to introduce ourselves as one of the notable organizations for providing a wide range of prefabricated houses, prefabricated buildings, portable containerized homes, prefabricated containerized homes, portable containerized offices, prefabricated shelters, steel portable toilets, steel sandwich panels, etc. All these structures and panels that we deal in are made with premium grade materials and are known for their aesthetic designs, exquisite patterns, contemporary styles, fine finish, easy installation, low maintenance, etc. Besides all the above-mentioned structures, we are also engaged in providing structural fabrication services. The entire range of products and the structural fabrication services delivered by us exhibit passion blended with precision.

The organization was established in the year 2018 in Pune (Maharashtra) and has maintained a sizeable client base nationwide. The extensive industry experience of our workforce makes us competent to deliver quality structures and sandwich panels within the specified lead time. Our team of skilled professionals understands the individual needs of our valuable clients and designs the structure range as per their varied tastes.

At Moducon Structures, we always stay focused to meet emerging customer demands appropriately. We have built a sound infrastructural base where all of our business activities are accomplished in an organized way. Moreover, we have directed all our efforts to follow conscientious quality measures and to maintain industry-set quality standards in our products and services.

If you are searching for the best prefabricated structures, steel sandwich panels, and the best solutions for your structural fabrication work then connect with Moducon Structures and get reliable products and services at a reasonable price range.
