## About Orgo Growth India Private Limited

Situated in Mahesana (Gujarat, India), Orgo Growth India Private Limited is operating in the industry since the year 2016. Under the guidance of Mr. Dilip Panchal (Founder), the company has been able to manufacture, export, and supply the best quality bio fertilizer, mycorrhizal fertilizer, effective microbes, and microbes decomposer. We offer different bio fertilizers such as special bio fertilizer, consortia bio fertilizer, acetobacter bio fertilizer, azotobacter bio fertilizer, and azospirillum bio fertilizer. These bio fertilizers are widely known for their effectiveness and quality. We also make available several mycorrhizal fertilizers such as concentrate mycorrhizal fertilizer, finished mycorrhizal fertilizer, and technical mycorrhizal fertilizer. Our mycorrhizal fertilizers are best known for their top-class and effectiveness. In addition to this, we also provide several top-class services for white label services, private label services, and customization services. We are instrumental in packaging these products in some good packaging materials. To connect with us, dial our numbers now. We assure to deliver your products to the clients within the promised timeframe as well.

### Why Choose Us?

As a reliable name in the industry, the company has been able to maximize all its profits in a quick time. In addition to this, the company has been able to gain a decent clientele in the markets of Mahesana and other cities of Gujarat as well.
