Pankaj Industries

About Pankaj Industries

We, Pankaj Industries, were founded in 1999 and are one of the leading producers of Commercial Atta Chakki, Dal Polisher, Grain Dryer, Buff Polisher, and other related products in Nagpur, Maharashtra. Every one of this equipment is designed to the highest standards, with top-grade raw materials and components acquired from industry-reliable and verified sources.

These devices are widely acclaimed and sought by clients in various industries because of their high performance, low energy consumption, robust design, rust resistance, and other distinguishing characteristics.

Our Infrastructure:

We have built an ultramodern infrastructural facility to properly cater to the ever-increasing requirements of our customers. The unit, which is fully equipped with innovative machinery and technologies, assists us in designing and manufacturing world-class machines that fulfil a wide range of customer expectations and specifications. Furthermore, our manufacturing unit's great production capability assists us in ensuring that each and every shipment is delivered on time.

Our Team:

Our company has a team of skilful professionals who place a high priority on reaching the defined goals and objectives. These experts assist us in designing and developing high-performing equipment that suits the needs of our clients, thanks to their extensive experience in the relevant fields.

Our Mission:

We are dedicated to continuing our legacy of product excellence and technological innovation by providing the best quality, most dependable goods and services to our massive food processing equipment customers.
