About Shridas Global Traders

Shridas Global Traders was established in the year 2024 in Madhya Pradesh, India. We are an exporter and supplier of neem cake powders, organic fertilizers, and a lot more. We are backed by a sound infrastructure and a well-trained team of experts that make it possible to deliver quality products to our clients.

The combined effort of both machine and manpower enables us to manufacture our range by international quality standards. Further, our quality endeavours have made us associated with renowned agriculturists and horticulturists in the market.

Further, the main objective of the course is to develop critical thinking, design experiments, interpret research data, develop presentation skills, and gain hands-on experience in advanced methods in agricultural biotechnology and enzyme technology in the form of a research project. This will result in the production of World-class leaders in research and development and help retain the best talent in India.

Why Choose Us?

Our state-of-the-art infrastructure helps us in formulating our range of bio products in bulk quantity. These bio-solution products are prepared using aerobic technology and scientific composting. This ensures that the products are eco-friendly and enhances the quality of the soil.

Further, our quality controllers conduct stringent quality tests on the entire range of products to ensure that the formulations are accurate.

Our quality products show enhanced results in acidic soils of plantation crops, due to the selection & usage of virulent strains. These bio products are Eco-friendly and will not produce any harmful effects on plants, soil, animals and the environment.

Choose to deal with us and order products from us today.
