About KOVAI WOODSTAR AUTOMATION & TECHNOLOGY PRIVATE LIMITED

Driven by our desire to excel and make our company into a hub of technology and modernization. With this, we have become one of the leading companies serving the global market since we incepted in 2007 from Coimbatore, Tamil Nadu. And since our inception, we have grown many times from what we were when we began.

This has all been possible because of the expanding customer base that we are continually catering to. And we take this opportunity to thank our clients for their support and cooperation in this regard. We are known for the 1325S & 1325D CNC router and Servo 1525S CNC router machines that we manufacture.

Our company is backed by a team of energetic and young dynamic professionals who are headed by two immensely knowledge-rich and aspiring individuals. With being in the industry for years, they have amassed a huge trough of wealth in knowledge and experience that is helping us to cross milestone after milestone.

Combined with our manufacturing prowess, we also offer after-sales services that are very fast and highly reliable. Our positive approach towards our business and clients has made us one of the most sought-after companies in India today. We also provide any kind of service that is required for the upkeep of CNC router machines.
